The ultimate luxury island escape, both Sunset Water Villas are set in their own private area of the lagoon and can be reached by jet-boat or the private walkway. An indulgent Maldivian hideaway, the Sunset Water Villas are the most luxurious accommodation at the resort, each offering two bedrooms, a large infinity pool, spacious living area and contemporary features and furnishings.

Upon entering the Sunset Water Villa you will be immediately drawn to the unique glass flooring which centres the living area, offering views into the Indian Ocean below. The master bedroom is furnished with a rotating round bed, enabling guests to have a 270 degree view of the ocean and follow the breathtaking sunset as it descends over the horizon.

The ultimate Maldivian experience, guests staying in the Sunset Water Villa also benefit from the service of a Personal Island Host 24 hours a day.
