

Soneva Fushi Villa Suite with Pool

One bedroom | 594 sqm

We created this villa to be the perfect enclave for a romantic escape.

Explore the island and its carefully curated luxuries. But if you wish to unwind in your hideaway, you have the luxury of space. In addition to your bedroom with its soft king-sized canopy bed, you have reign over a deserted island-chic sitting room, outdoor sitting areas and daybed, an extravagantly large open-air garden bathroom and private pool – as well as the white sands and crystal waters of our house lagoon.
